## Welcome

As your organisation expands, so may your requirements for keeping employees on the move.

Medical emergencies and incidents are generally unexpected and can result in repercussions on not only your organisation's productivity, but also its financial status.

### What is Corporate Travel Insurance?

The Cover-More Corporate Travel Insurance policy is designed to protect organisations of all sizes, with multiple employees on the move throughout the world, for multiple trips throughout the year.

### This is an important document

Please read it carefully before making a decision to purchase any of the travel insurance plans explained in it.

It will help you decide whether the insurance meets the needs of **The Company** and its **insured persons**. You can even use it to compare with other options you may be considering.

Any recommendation or opinion in this document is of a general nature only. It does not take into account your or The Company's objectives, financial situation or needs. You need to decide if the insurance is right for **The Company** and its **insured persons**.

This booklet contains important information about the insurer, Zurich Australian Insurance Limited (ZAIL), ABN 13 000 296 640, AFS Licence Number 232507 (referred to as "**we**", "**our**" and "**us**" in relation to the insurance) and its agent Cover-More Insurance Services Pty Ltd ABN 95 003 114 145, AFSL 241713 (Cover-More) as well as other relevant persons.

**The Company** is not the insurer of the insurance referred to in this booklet. It and any of its related corporations do not guarantee, and are not liable to pay, any of the benefits under these covers.

When you purchase a policy, keep a copy of this PDS and the Certificate of Insurance we'll give you in a safe place for future reference.

## Things The Company and the insured person need to understand

- Terms, conditions, limits and sub-limits apply – that is why it is important you read this booklet carefully.
- Exclusions apply to restrict, limit and/or exclude cover. Read the General exclusions on pages 42-43 and the exclusions under each benefit carefully to see what **we** don't cover.
- Check out the Travel and health part of this booklet as a traveller's health, and the health of others that might affect travel, is important (pages 10-14).
- Certain words have special meanings and are shown in bold. See Words with special meaning, pages 16-18. For example **relevant time** means the first time at which any part of the relevant trip is paid for or the time at which the policy is issued, whichever occurs last.
- All **insured persons** are residents of **Australia** and will be returning to their **home** at the completion of each **journey** and within 6 months of the commencement of each **journey**.

## Four levels of corporate cover to choose from

Ultimate	Ultimate Plus
Essentials	Essentials Plus

## Who can be insured?

**The Company** purchases this policy for its employees travelling far away from home for work in Australia and overseas throughout the year.

An **insured person** is:

- an employee of **The Company** operating within **Australia** who is travelling at the request of, or with the approval of, **The Company** for a purpose connected with **The Company's** business, and in this case includes up to 4 weeks of leisure/holiday travel incorporated in the same business trip. (e.g. either side of, or within, the business trip)
- a Director, Chief Financial Officer (CFO), Chief Executive Officer (CEO) or Chief Operating Officer (COO) of **The Company** operating within **Australia** who are travelling at the request of, or with the approval of, **The Company** for a purpose connected with **The Company's** business, and in this case includes up to 6 weeks of leisure/holiday travel incorporated in the same business trip. (e.g. either side of the business trip). Also, in the case of these particular insured persons only, up to 6 weeks of leisure/holiday travel independent of a business trip.
- The **insured person's journey** will include international travel, interstate travel or intrastate travel, more than 100 kilometres from **home** or the **insured person's** business.

We need to know a little bit about your company and how many employees are travelling, for how long and where to? This is known as 'estimating your travel days'. Tell us what plan you want. We will give you a quote for a full year's worth of cover.

## OBTAIN A QUOTE

For a quick quote, complete and email the forms on pages 47 and 49 to your travel agent/broker or directly to Cover-More.

Email: [corporate@covermore.com.au](mailto:corporate@covermore.com.au)

## Helpful tips

The **insured person** is responsible for providing **us** with evidence to support their claim for an item. This is 'proof of ownership'.

- **We** will accept the original or a copy of a purchase receipt, invoice and/or bank statement showing the purchase, the date of the purchase and the amount paid.
- **We** may consider valuation certificates (issued prior to the time the policy was issued), ATM receipts and warranty cards with accompanying bank statement of purchases.
- **We** will not accept photographs, packaging or instruction manuals as proof of ownership.

## Safety of your belongings and limits to the cover

- Don't check in your **valuables** – keep them with you as they're not covered by **us** when checked-in with the **transport provider** (unless security regulations meant you were forced to check them in).
- Items left **unattended** in any motor vehicle (for example, a car, campervan or motorhome) or towed land vehicle during daylight hours are not covered, unless they are stored in the **concealed storage compartment** of the locked motor vehicle or towed land vehicle and forced entry was gained. A limit of \$500 per item and a maximum of \$2,000 in total applies.
- Don't leave items **unattended** in ANY motor vehicle or towed land vehicle overnight, as they're not covered.
- Don't walk away from or leave your belongings **unattended** in a **public place**. They're not covered by **us**.
- Report any loss or theft to the police within 7 days of when you first become aware of the incident, as a police report is required so **we** can validate that the incident occurred. Also, your belongings may have been handed in and may be recovered or the police may have a chance to follow up an alleged crime.
- Additionally, **we** require the relevant report from the related party. For example, an Airline Property Irregularity Report (PIR) is also required if your items were lost or stolen when travelling with an airline.
- If you are unable to provide **us** with a copy of the relevant report, you must provide **us** with a reasonable explanation and details of the time and place you made the report, including their contact details.

## Reciprocal Healthcare Agreement

The Australian Government and the governments of certain countries have an agreement where Australian residents are provided with subsidised essential medical treatment (which, in turn, minimises your claim with **us**). The agreement is known as a Reciprocal Healthcare Agreement (RHA). Please visit [humanservices.gov.au/medicare](http://humanservices.gov.au/medicare) or [dfat.gov.au](http://dfat.gov.au) for details of RHAs with Australia.

## Medical and hospital cover in Australia

**We** will not pay any benefit or provide cover if the provision of a payment, benefit or cover would result in **us** contravening the Health Insurance Act 1973 (Cth), the Private Health Insurance Act 2007 (Cth) or the National Health Act 1953 (Cth) or any applicable legislation (whether in **Australia** or not).

## 24 hour emergency assistance

We hope you have a great trip but should something go wrong, we're here to help.

When travelling, **The Company** or the **insured person** have access to **our** emergency assistance team of doctors, nurses, case managers and travel agents 24 hours a day, 365 days a year.

**Our** team provides the following services to all policyholders:

- **Help to find a medical facility and monitor the insured person's medical care**
- **Paying bills**  
Becoming ill overseas can be very expensive. Significant medical expenses can be paid by **us** directly to the hospital if **the insured person's** claim is approved.
- **Keeping an insured person travelling or getting them home**  
**Our** team can decide if and when it is appropriate to bring an **insured person home** and will coordinate the entire exercise.
- **Help if passports, travel documents or credit cards are lost**  
If **The Company** or an **insured person** need assistance in contacting the issuer of the document, our emergency assistance team can help.
- **Help to change travel plans**  
If **The Company's** or the **insured person's** travel consultant is not available to assist with rescheduling in an emergency, our team can help.

Certain services are subject to the claim being approved.

## When and what number should you call?

**The Company** or **the insured person**, or someone on your behalf, should phone **our** emergency assistance team as soon as possible if **the insured person** requires hospitalisation, if their medical expenses will exceed \$2,000 or if he/she wants to return early.

When calling, please have the following information at hand:

- The corporate policy number
- A phone number to call you back on.

### If the insured person's existing medical condition is not automatically accepted

If the **insured person's existing medical condition** is not automatically accepted (see Existing medical conditions we automatically include on page 10) **we** will not provide any cover for any claims arising from, or exacerbated by, that condition.

If the **insured person** wants to take cover for **existing medical condition(s)**, they will need to apply for a variation of cover with **us**. If **we** accept the **insured person's** application for cover of **existing medical conditions**, an extra **premium** is payable to **us**.

To complete an assessment, please call Cover-More on 1300 72 88 22.

## If the insured person's existing medical condition is not automatically included

If the **insured person's existing medical condition**:

- is not automatically included, and/or
  - includes one or more conditions not listed above
- he/she will need to complete an online health assessment by declaring all their **existing medical conditions** to **us**.

To be clear, the conditions **we** automatically include only apply if the **insured person** does not have other **existing medical conditions** beyond those on this list.

See "How to complete a health assessment" on page 12.

## Existing medical conditions that cannot be covered

This policy does not provide cover for claims which in any way relate to, or are exacerbated by:

- conditions involving drug or alcohol dependency
- travel booked or undertaken against the advice of any **medical practitioner**
- routine or cosmetic medical or dental treatment during the **journey**, even if the **insured person's existing medical condition** has been approved, or
- conditions for which the **insured person** is travelling to seek advice, treatment or review or to participate in a clinical trial.

## Medical conditions that are undiagnosed or awaiting specialist opinion

**We** are unable to offer cover for any medical conditions that the **insured person** was aware of, or a reasonable person in their circumstances should have been aware of, or arising from signs or symptoms that the **insured person** was aware of, or a reasonable person in their circumstances should have been aware of, before commencing any cover described in this booklet, and for which at that time:

- the **insured person** had not yet sought a medical opinion regarding the cause
- the **insured person** was under investigation to define a diagnosis, or
- the **insured person** was awaiting specialist opinion.

The **insured person** will still be eligible for the other benefits provided by the policy and he/she may apply for cover for other **existing medical conditions**. However, there will be no cover for claims arising from, or exacerbated by, any of the above.

If the **insured person** receives a diagnosis before they depart on their **journey**, they may be able to complete a health assessment and, if approved, add **existing medical condition** cover to **The Company's** policy by paying **us** the required premium.

## Important points to note

### Chronic lung conditions

If the **insured person** has a chronic lung condition\*, he/she must complete a health assessment for that condition at the **relevant time** or, at the latest, before departing on their **journey**, have it approved by **us** and pay the extra premium to be covered. If the **insured person** doesn't, he/she will not be covered for claims arising from, or exacerbated by:

- that condition
- a respiratory infection e.g. Influenza, or
- a lung infection e.g. Pneumonia.

\*Chronic lung condition includes Chronic Asthma, Chronic Bronchitis, Chronic Obstructive Pulmonary Disease (COPD), Emphysema or Pulmonary Fibrosis.

### What does this mean?

For example, if the **insured person** has COPD and is diagnosed with a respiratory infection, his/her claim will not be covered because **we** consider the respiratory infection to complicate, and be a complication of, the underlying existing medical condition, COPD.

### Cardiovascular Disease

If the **insured person** has a condition involving their heart and blood vessels, collectively known as Cardiovascular Disease\*, he/she must complete a health assessment for that condition at the **relevant time** or, at the latest, before departing on their **journey**, have it approved by **us** and pay the extra premium to be covered. If the **insured person** doesn't, he/she will not be covered for claims arising from, or exacerbated by:

- that condition, or
- another heart/cardiovascular system problem including a Heart Attack or Stroke.

\*Cardiovascular Disease includes Aneurysms, Angina, Cardiac Arrhythmias (disturbances in heart rhythm) Cardiomyopathy, Cerebrovascular Accident (CVA or Stroke), previous heart surgery (including valve replacements, bypass surgery or stents), Myocardial Infarction (Heart Attack) or Transient Ischaemic Attack (TIA).

### What does this mean?

For example, if the **insured person** has ever been diagnosed with Coronary Artery Disease, also known as Ischaemic Heart Disease (IHD), it is a life-long condition. The risk of disease is elevated whether or not he/she had been treated with bypass surgery or coronary artery stent insertion.

If the **insured person** has not told us about their condition, **we** have not approved it and he/she has not paid the additional premium, **we** will not be able to consider your claim if something goes wrong before or during the **journey** with respect to these conditions.

### Reduced immunity

If the **insured person** reduced immunity at the **relevant time** (e.g. as the result of a medical condition or medical treatment), he/she must complete a health assessment at the **relevant time** or, at the latest, before departing on their **journey**, have it approved by **us** and pay the extra premium to be covered. If the **insured person** doesn't, he/she will not be covered for claims arising from, or exacerbated by, the underlying medical condition or a new infection.

### What does this mean?

For example, if the **insured person** currently suffers from a condition that is associated with significant immunosuppression or he/she requires medication that significantly impairs immune function (e.g. Methotrexate, Azathioprine or high dose steroids), the **insured person** should tell **us** about their condition. Otherwise **we** won't be able to cover a claim if the **insured person** develops an opportunistic infection with respect to these conditions.

## How to complete a health assessment

The **insured person** can complete a health assessment over the phone by calling Cover-More on 1300 72 88 22.

- The **insured person** needs sufficient knowledge about each **existing medical condition** to be able to complete a full declaration so **we** can assess the risk.

For example, **we** need to know the name of the medical condition you take medication for, rather than the name of the medication. Check with your doctor first if unsure.

- Check all **existing medical conditions** have been disclosed to **us** at the **relevant time** or, at the latest, before departing on the **journey**.
- **We** will provide the **insured person** with their assessment outcome and number.
- If **we** can approve The **insured person's** health assessment, they or **The Company** must pay **us** an extra premium to add cover for **his/her existing medical conditions** to the policy for a variation of cover.

Special conditions, limits and excesses may apply depending on the **insured person's existing medical condition**, age, trip destination and duration. This will be stated on the Certificate of Insurance, or separately advised to the **insured person** in writing.

### What happens if I have an existing medical condition but do not take steps to cover it under this travel insurance policy?

**We** will not pay any claims arising from, or exacerbated by, the **insured person's existing medical condition** if:

- he/she does not apply for this cover for that **existing medical condition** at the **relevant time** or, at the latest, before departing on the **journey**
- he/she applies for this cover for that **existing medical condition** and **we** do not agree to provide cover, or
- **we** agree to provide cover for that **existing medical condition** and the **insured person** does not pay the required extra premium.

This means, for example, that **The Company** or the **insured person** will have to pay for an overseas medical emergency which can be very expensive in some countries.

If you have any questions about **existing medical conditions**, please call Cover-More on 1300 72 88 22.

## Pregnancy

If the **insured person** knows they are pregnant at the **relevant time**, they will need complete a health assessment and apply for cover if:

- there have been complications with this pregnancy or a previous pregnancy
- it is a multiple pregnancy e.g. twins or triplets, or
- the conception was medically assisted e.g. using assisted fertility treatment including hormone therapies or IVF.

**Relevant time** means the first time when a part of the relevant trip is paid for or the time when the policy is issued, whichever occurs last.

The **insured person** can complete a health assessment to apply for cover by calling Cover-More on 1300 72 88 22.

### Pregnancy restrictions

Whether or not the **insured person** has to apply for pregnancy cover, the following restrictions apply to claims arising in any way from the pregnancy of any person:

- Cover is only provided for serious, unexpected pregnancy complications that occur up until the 24th week of pregnancy i.e. up to 23 weeks, 6 days. Gestational age is measured in weeks and days and is calculated from the last known date of the menstrual period or calculated from staging ultrasound.
- Childbirth is not covered.
- Costs relating to the health or care of a newborn child are not covered, irrespective of the stage of pregnancy when the child is born.

## Health of other people impacting the insured person's travel (non-traveller)

This policy has cover if the **insured person** needs to change his/her trip due to the health of a **relative** or his/her business partner who is not travelling. In some circumstances the maximum **we** will pay is \$1,000.

When **The Company** or the **insured person** books a trip please carefully consider the health of loved ones not travelling with the **insured person**. Where applicable, the **insured person** should let **The Company** know of any impediments to business related travel.

### What is covered?

**We** will pay for claims arising from the sudden disabling injury, sickness or disease or death of a **relative** or an **insured person's** business partner who is not travelling with the **insured person** if, at the **relevant time**, that person:

- a. in the last 12 months, had not been hospitalised (including day surgery or emergency department attendance) for a condition that was in any way related to, or exacerbated by, the condition that gave rise to the claim
- b. was not residing in a facility such as a nursing home, an aged care facility, a residential aged care home, a high and/or low care facility, a privately owned accommodation facility such as Supported Residential Services or Facilities (SRS/SRF) or a residential care facility);
- c. was residing independently at home or in a retirement home or village, including independent living arrangements, and they did not require home care or flexible care services;
- d. was not on a waiting list for, or did not know they needed surgery, inpatient treatment or tests at a hospital or clinic;
- e. did not have a drug or alcohol addiction; and
- f. did not have a **terminal illness**.

### What are the restrictions and limits?

If any point a-f cannot be met e.g. if the **insured person's** non-travelling **relative** was in a nursing home or did have a **terminal illness**, the maximum **we** will pay is \$1,000 under all sections of the policy combined.

- For reference, **relative** means a person who is the **insured person's** spouse; parent, parent-in-law, stepparent, guardian; grandparent; child, foster child, grandchild; brother, brother-in-law, half-brother, stepbrother, sister, sister-in-law, half-sister, stepsister; daughter, daughter-in-law, stepdaughter, son, son-in-law, stepson; fiancé, fiancée; uncle, aunt; or niece, nephew.

### What isn't covered?

No payment will be made under this policy for:

- Claims related to non-travellers who aren't the **insured person's relative** or business partner.
- Claims where **The Company** or the **insured person** are aware of a circumstance which is likely to give rise to a claim.
- Claims which in any way relate to circumstances **The Company** or the **insured person** knew of, or a person in **The Company's** or the **insured person's** circumstances would have reasonably known or foreseen, at the **relevant time**, that could lead to the **journey** being delayed, abandoned or cancelled.

## WHAT DOES THIS MEAN?

The Company and the insured person should consider if our products are right for them if the insured person is travelling after 20 weeks as costs for childbirth and neonatal care overseas can be expensive.

#### For example:

- Jim's father was hospitalised after a serious accident. After hearing the bad news, Jim cancelled his upcoming trip and received a 50% refund.  
He then bought a travel insurance policy so he could claim the rest of the money back.  
When Jim bought the policy, he had already cancelled the trip so his claim would not be covered.

#### For example:

- Khalida's mother had been unwell for several months and was booked to have medical tests. Khalida organised a holiday and travel insurance. Unfortunately, the test results showed her mother had a serious sickness so Khalida cancelled her holiday to spend time with her mother. Because her mother was having tests after being unwell when Khalida bought her policy, her claim would not be covered as she knew at that time, or a person in her circumstances would have reasonably known or foreseen, that she may need to cancel her trip due to her mother's health.

### Duty to take reasonable care not to make a misrepresentation

This is a consumer insurance contract under the Insurance Contracts Act 1984 (Cth) (Act).

Under the Act, **The Company** has a duty to take reasonable care not to make a misrepresentation to **us**.

Before the **insured person** enters into an application for a variation of cover (i.e. **existing medical condition** cover) with **us**, the **insured person** has a duty to take reasonable care not to make a misrepresentation to **us**.

This duty applies whenever **The Company** or the **insured person** (as applicable) enters into, renews, extends or varies this contract of insurance.

In all cases (as applicable) **we** will ask **The Company** or the **insured person** questions that are relevant to **our** decision to insure **The Company** or the **insured person** and on what terms.

It is important to understand **The Company** is answering **our** questions in this way for **The Company** and anyone else **The Company** wants covered by the contract.

It is important to understand the **insured person** (applying for a variation of cover) is answering our questions in this way for the **insured person**.

As applicable, when **The Company** or the **insured person** answers the questions **The Company** or the **insured person** must give a true and accurate account of matters. **The Company** or the **insured person's** response should tell **us** everything that **The Company** or the **insured person** knows about the question because the response is relevant to whether **we** offer **The Company** or the **insured person** insurance and the terms **we** offer **The Company** or the **insured person**.

A misrepresentation made fraudulently is made in breach of the duty to take reasonable care not to make a misrepresentation.

#### Circumstances relevant to your duty

Whether or not **The Company** or the **insured person** took reasonable care not to make a misrepresentation will be determined with regard to all the relevant circumstances.

If **we** know, or ought to know about **The Company's** or the **insured person's** particular characteristics or circumstances, **we** will consider these to determine if **The Company** or the **insured person** took reasonable care not to make a misrepresentation to **us**.

**We** may consider the following matters to determine if **The Company** or the **insured person** (as applicable) took reasonable care not to make a misrepresentation to **us**:

- the type of consumer insurance contract in question, and its target market
- explanatory material or publicity produced or authorised by **us**  
how clear, and how specific, the questions **we** asked were
- how clearly **we** communicated to you the importance of answering those questions and the possible consequences of failing to do so
- whether or not an agent/insurance broker was acting for **The Company** or the **insured person**, or
- whether the contract was a new contract or was being renewed, extended, varied or reinstated.

**The Company** or the **insured person** is not to be taken to have made a misrepresentation merely because **The Company** or they:

- failed to answer a question, or
- gave an obviously incomplete or irrelevant answer to a question.

## Consequences if The Company or the insured person fails to take reasonable care and do make a misrepresentation

If **The Company** does not take reasonable care when answering **our** questions and the result is **The Company** does make a misrepresentation to **us**, **we** may cancel **The Company's** contract or reduce the amount **we** will pay **The Company** or the **insured person** if **The Company** or the **insured person** makes a claim, or both.

If the **insured person** does not take reasonable care when answering **our** questions and the result is **The Company** or the **insured person** does make a misrepresentation to **us**, **we** may cancel the **insured person's** variation or reduce the amount **we** will pay the **insured person** if the **insured person** makes a claim, or both.

If **The Company** or the **insured person's** failure to take reasonable care not to make a misrepresentation to **us** is fraudulent, **we** may refuse to pay a claim and treat the contract as if it never existed.

## When and how benefits are provided

The benefits for which **The Company** and the **insured person** are insured under this policy issued to **The Company** are payable:

- when an insured event occurs during the **period of insurance** causing **The Company** or the **insured person** to suffer loss or damage or incur legal liability, and the claim is accepted by **us**.

After calculating the amount payable **we** will either:

- pay for specified **additional** expenses
- pay the person to whom **The Company** or the **insured person** is legally liable
- pay the cash value, repair cost or arrange replacement of the **insured person's** personal items (after deducting reasonable depreciation where applicable), or
- pay **The Company** or the **insured person**.

## The amount payable for this insurance

The amount **we** charge **The Company** for this insurance policy and an **insured person** for a variation of cover is the total amount of the premium that **we** calculate to cover the risk and any relevant government charges (such as Goods and Services Tax (GST) and stamp duty).

Some factors that **we** take into consideration when calculating **The Company's** premium include:

- the estimated number of **journeys** per annum to both overseas and domestic locations, and
- the average duration per trip (total travel days).

The premium will be detailed on the Certificate of Insurance.

At the end of each annual renewal period, premiums may be adjusted depending on the actual travel undertaken, claims history and currency fluctuations.

## The amount The Company or the insured person pay towards a claim

The excess is the first amount of a claim that **we** will not pay for. It is deducted from the claim if it is approved by **us**.

The excess applies per event i.e. if the **insured person** falls over and needs medical treatment, and smashed their smart phone in the fall, the excess will be deducted once.

Unless specified otherwise (for example in writing in this PDS or on the Certificate of Insurance **we** give to **The Company**) the claimant is required to pay the first \$60 arising from any one event on each **journey** in respect of Sections 1, 4, 6, 7, 8, 9 and 10 of the policy. For each separate claimable event, a separate excess will be applied.

## How various factors affect the amount payable

**We** consider a number of factors in calculating the **amount payable**. The following is a guide on these key factors, how they combine and how they may impact the assessment of risk and, therefore, **The Company's** and/or **the insured person's** premium.

- **Area** – higher risk areas cost more.
- **Trip duration** – the longer the trip duration, the higher the cost may be.
- **Variation of cover for existing medical conditions and pregnancy** (where available) – an additional premium may apply if a health assessment is completed and cover is offered by us.
- **Extra cover options** (where available) – an additional premium may apply.

## How a claim settlement is calculated

When **we** pay a claim **we** consider a number of aspects in calculating the settlement. These include:

- the amount of loss or damage or liability
- the excess
- the maximum benefit limits and sub-limits
- reasonable depreciation, and
- the terms and conditions of the policy.

The following example illustrates how **we** will calculate claim settlement.

- The **insured person's** new video camera with an original purchase price of \$4,500 is stolen from a hotel room
- The **insured person** had not paid an additional amount to **us** to increase the standard item limit.

The claim settlement would be calculated as follows:

- Consider the original purchase price of the video camera – \$4,500 (no depreciation applies because the video camera was new).
- Consider the maximum item limit payable for cameras and video equipment – \$4,000. This item limit applies in this case.
- Consider the excess. As there is an excess of \$60, this excess is deducted. This results in a claim settlement of \$3,940 or **we** may replace the item. **Our** choice will have regard to the circumstances of the claim and consider any preference **The Company** or **the insured person** may have.

## Policy wording

The benefits described in this policy wording should be read in conjunction with Age limits and associated cover restrictions (page 8), Policy inclusions and choices (pages 8-9), Travel and health (pages 10-14), Duty to take reasonable care not to make a misrepresentation (pages 14-15), Words with special meaning (pages 16-18), Policy conditions (pages 19-22) and General exclusions (pages 42-43).

### THE POLICY IS NOT VALID UNLESS THE CERTIFICATE OF INSURANCE IS ISSUED TO THE COMPANY.

Subject to the payment of the premium (**amount payable**) which includes stamp duty and fees payable to the agent, **we** will provide the protection detailed in the Benefits tables (pages 5-7) for the relevant plan purchased by **The Company** subject to the terms and conditions of this policy. The Plan type purchased will be shown on the Certificate of Insurance.

## Most important

The policy will only operate if all of the following conditions are satisfied by **The Company** and **insured persons**:

- a. **The Company** and **insured persons** are not aware of any circumstance that is likely to give rise to a claim.
- b. All **insured persons** are residents of **Australia** and will be returning to their **home** at the completion of each **journey** and within 6 months of the commencement of each **journey**.
- c. The **insured person** is:

(e.g. either side of, or within, the business trip)
  - ii. a Director, Chief Financial Officer (CFO), Chief Executive Officer (CEO) or Chief Operating Officer (COO) of **The Company** operating within **Australia** who are travelling at the request of, or with the approval of, **The Company** for a purpose connected with **The Company's** business, and in this case includes up to 6 weeks of leisure/holiday travel incorporated in the same business trip. (e.g. either side of the business trip). Also, in the case of these particular insured persons only, up to 6 weeks of leisure/holiday travel independent of a business trip.
- d. The **insured person's journey** will include international travel, interstate travel or intrastate travel, more than 100 kilometres from **home** or the **insured person's** business.

Credits apply only to renewal policies and will not exceed 50% of the total proposed premium. Any credits which bring the renewal premium under **our** minimum policy value will be forfeited.

- k. If **we** agreed to pay a claim under **The Company's** policy **we** will base any claim payment on the GST inclusive costs (up to the relevant limits of liability). If **The Company** and/or the **insured person** are entitled to claim an input tax credit in respect of a cost for which a claim is made, or would be entitled to an input tax credit if you were to incur the relevant cost (i.e. in replacing a lost or stolen item), the amount **we** would otherwise pay will be reduced by the amount of that input tax credit.
- l. If **The Company** and/or the **insured person** are entitled to claim an input tax credit in respect of the premium **The Company** paid **us** for this insurance, either party must inform **us** of the amount of that input tax credit (as a percentage) at the time a claim is first made.

If **The Company** and/or the **insured person** fails to do so, either party may have a liability for Goods and Services Tax (GST) if **we** pay **The Company** and/or the **insured person** an amount in respect of any of the cover provided.

#### 5. Claims are payable in Australian dollars

All claims and amounts payable are paid in Australian dollars at the rate of exchange applicable at the time the expenses were incurred. **We** will pay the **insured person**, unless the **insured person** tells **us** to pay someone else, by direct credit to an Australian bank account the **insured person** nominates. In the case of the **insured person's** death **we** will pay their estate.

#### 6. If **The Company** and/or the **insured person** can claim from anyone else, **we** will only make up the difference

In the case that policy condition 8. Other insurance (on this page) does not apply, if **The Company** and/or the **insured person** can make a claim against someone in relation to a loss or expense in respect of any of the covers provided and they do not pay **The Company** and/or the **insured person** the full amount of your claim, **we** will make up the difference. **The Company** and/or the **insured person** must claim from them first.

#### 7. **The Company** and/or the **insured person** must help us to make any recoveries

**We** have the right to recover, from any other party in **The Company's** and/or the **insured person's** name, money payable under the policy or to choose to defend any action brought against you. **The Company** and/or the **insured persons** must provide reasonable assistance to **us**.

4. To the **insured person**, their excess.

Once **we** pay **The Company's** and/or the **insured person's** total loss, **we** will keep all money left over.

If **we** have paid **The Company's** and/or the **insured person's** total loss and either of you receive a payment from someone else for that loss or damage, **The Company** and/or the **insured person** must pay **us** the amount of that payment up to the amount of the claim **we** paid you.

If **we** pay you (i.e. **The Company** and/or the **insured person**) for lost or damaged property and you later recover the property or it is replaced by a third party, you must pay **us** the amount of the claim **we** paid you.

#### 8. Other insurance

If **The Company** and/or the **insured person** are insured, or entitled to receive a benefit or make a claim, under any other insurance policy in respect of the same loss as **The Company's** and/or the **insured person's** claim under **our** covers, then:

- **The Company** and/or the **insured person** must give **us** full details of the other insurance policy,
- to the extent permitted by law, **we** will not be liable to provide indemnity until the indemnity amount under any other policy is exhausted, or
- **we** may seek, from the other insurer, contribution for any amounts **we** have paid.

This is regardless of whether **we** have yet paid your claim, whether or not the amount **we** pay **The Company** and/or the **insured person** is less than full compensation for your loss or whether your claim is paid under a non-indemnity or an indemnity clause.

#### 10. Policy interpretation

The policy will be interpreted in accordance with the law of the Australian State or Territory in which it is issued.

#### 11. Emergency assistance

Where **The Company's** and/or the **insured person's** claim is excluded or falls outside the policy coverage, the giving of emergency assistance will not in itself be an admission of liability.

Medical standards, sanitary conditions, reliability of telephone systems and facilities for urgent medical evacuations differ from country to country. Responsibility for any loss, medical complication or death resulting from any factor reasonably beyond **our** control cannot be accepted by **our** emergency assistance, Cover-More or **us**.

If, during the **period of insurance**, the **insured person's** **baggage** or personal effects are lost, stolen or damaged, after deducting depreciation as shown in the depreciation table, **we** will repair the item if it is practical and economic to do so. If the **insured person's** claim for loss or theft can be approved but the **insured person's** items are found in the meantime and can be posted to them, **we** will instead pay up to \$500 for postage costs so they can get their items back.

### Depreciation table

This policy operates on an indemnity basis which means settlement of the **insured person's** claim is based on the value of an item at the time of the loss. Depreciation takes into account the amount paid originally for the item, its age, wear and tear and advances in technology.

**We** will reduce the value of the items because of age, wear and tear, and advances in technology according to the table following:

Age of item and depreciation that applies	Items		
	Jewellery (not watches or costume jewellery)	Communication devices, all computers, electrical devices, electronics equipment, phones, all, photographic equipment, smart watches, tablet computers	Any other items
New-24 months	0%	0%	0%
25-36 months	0%	60%	36%
More than 36 months	0%	60%	60%

This means depreciation will not be deducted from items less than 2 years old at the time of loss. Items greater than 2 years old will have the percentage amount shown in the depreciation table deducted.
